Information Disclosure Statement

This Information Disclosure Statement is made within the earlier of: (1) three months after the filing date of the application §1.97(b)(1); (2) within three months of the date of entry of the national stage as set forth in §1.491 in an international application §1.97(b)(2); (3) before the mailing date of a first Office action on the merits §1.97(b)(3); or (4) before the mailing of a first Office action after the filing of a request for continued examination under §1.97. Therefore, this statement is considered timely under 37 C.F.R. §1.97(b).

According to the terms of 37 C.F.R. §1.97(g), this Disclosure Statement shall not be construed as a representation that a search has been made or that no other material information as defined in 37 C.F.R. §1.56(a) exists. While this Information Disclosure Statement may be "material" pursuant to 37 C.F.R. §1.56(b), it is not intended to constitute admission that any patent, publication or other information referred to therein is "material to patentability" under 37 C.F.R. §1.97(h) for this invention unless specifically designated.

In accordance and conformity with Form PTO-1449, the applicant will draw the examiner's attention to various column / line number combinations. To the best of the applicant's ability, these sections are believed to be illustrative of at least portions of the teachings of the prior patented invention. It is however, entirely conceivable that technical minds may come to different conclusions as to the relevance of any one passage or series of passages, within a patent. By identifying these column / line number combinations, it is not meant to be construed as an admission on the part of the applicant that other sections are not relevant. The examiner is invited to review the documents in their entirety and reach his or her own conclusion.

In accordance with 37 C.F.R. §1.56, applicant wishes to call the attention of the Examiner to the following references, which were uncovered by the applicant. Copies of these references are also submitted herewith along with form PTO-1449, as well as summaries of the references.

Foreign Patent Documents

No foreign documents are in the possession of the applicant at this time.

Other Documents

No other documents are in the possession of the applicant at this time.

Presentation at National Meetings

To the knowledge of the applicant, there has been no presentation of this subject matter at National meetings.

Presentations at Invited Seminars

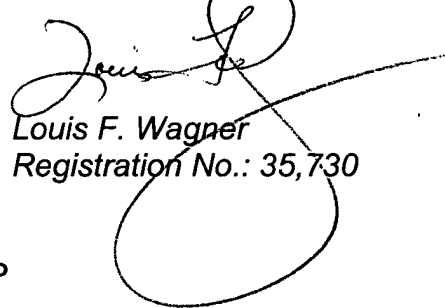

To the knowledge of the applicant, there has been no presentation of this subject matter at invited seminars.

Best Information Available

This Information Disclosure Statement is based upon the information contained in the undersigned attorney's file as of the filing date of this statement and is inclusive of the best information known to the undersigned at that date. Applicant submits that

the above references taken alone or in combination neither anticipate nor render obvious the present invention. Consideration of the foregoing in relation to this application is respectfully requested.

Respectfully Submitted,
Buckingham, Doolittle & Burroughs, LLP
